UNG Academic Advising Mission Statement:

The mission of academic advising is to assist students in constructing meaningful educational plans based on their interests and abilities and consistent with each student's academic, professional, and personal goals. Academic advising fosters the development of students who are self-directed, responsible decision-makers and supports the successful completion of degree requirements.

Departmental Goal for Advising:

The Department of Visual Arts' goals for advising are: to assist advisees in identifying the degree program that best fits the student's career goals; to assist in development of a semester-by-semester plan to help advisees stay on track with their plans of study; and to provide advisees with information about possible careers related to visual arts and/or plans for graduate school. Students are responsible for knowing and understanding the requirements of their programs and coordinating with their advisors to ensure all requirements are completed in the timeframe desired.

5. Students will select majors based on their interests, abilities, and career goals.
6. Students will be able to identify campus resources and services that can be used to assist them in achieving their academic, personal, and career goals.
7. Students will understand the importance of co-curricular programs for supporting and promoting their educational and life goals.
